

## NuZee Inc. (OTC:NUZE) Announces Partnership With Whole Foods Market

**San Diego, CA - Wednesday April 22<sup>nd</sup>, 2015** – NuZee Inc. (OTC:NUZE) is proud to announce their first retail partnership with Whole Foods Market. They will be on-site at the Olathe, Kansas store opening on April 22, 2015. Their product line Coffee Blenders will be actively supporting the launch, performing product demos for consumers. The goal of NuZee Inc., is to expand within Whole Foods Market (Rocky Mountain Region) as the first “Functional Coffee” offered in their stores. Coffee Blenders will launch three 10-count single serve cup offerings including: Lean Cup, Relax Cup and Think Cup.

“We are excited to launch with such an influential retail partner in Whole Foods Market. We are honored to offer our all-natural functional coffees next to such a fantastic assortment of premium coffees,” says Nick Rex, CMO for Coffee Blenders. “We believe our recyclable single-serve cups fill several needs for consumers who appreciate delicious coffee, that is also convenient.”

### **Coffee Blenders® offers a unique set of coffees with health benefits:**

**Coffee Blenders® – Lean Cup™** is fortified with Svetol®, a safe, all-natural plant extract of decaffeinated green coffee. Rich in active components that inhibit specific enzymes and shut down the glucose pathway in the body, Svetol® is clinically proven to burn fat and help with weight loss. <http://www.coffeeblenders.com/products/leancup/>

**Coffee Blenders® – Think Cup™** contains Cereboost®, a safe, all-natural plant extract derived from American Ginseng. Cereboost® is clinically proven to improve brain function, especially in the cognitive areas of working memory and alertness. <http://www.coffeeblenders.com/products/thinkcup/>

**Coffee Blenders® – Relax Cup™** comes with L-Tea Active®, more commonly known as L-Theanine, a non-protein amino acid found in green tea leaves. L-Tea Active® is safe, all natural and clinically proven to induce relaxation without drowsiness while improving mental clarity. <http://www.coffeeblenders.com/products/relaxcup/>

**Lotus Cup™ - Nude Cup™** is a revolutionary gourmet pour-over brewing method from Coffee Blenders. The Lotus Cup brewer creates a handcrafted coffee experience anywhere, no machine needed, just hot water. “Nude” refers to the coffee being simply gourmet-quality, organic and 100% Arabica. Conveniently versatile; use it at home, the office, camping, or on any adventure! <http://www.coffeeblenders.com/products/lotuscup/>

### **About Coffee Blenders:**

At Coffee Blenders, our mission is to provide high quality coffee with natural health benefits. By cultivating the world’s choicest 100% Arabica beans and working with experienced sommeliers – experts with a deep understanding of coffee origins, flavors and compositions – we’re able to handcraft unique blends that appeal to both casual coffee drinkers as well as people with more discerning palettes. Additionally, our slow roasting process allows us to maintain the beans’ natural flavors while we incorporate functional ingredients, creating coffees that are as delicious as they are beneficial. More than experienced, passionate coffee makers, we’re social citizens. Based in San Diego, California, NuZee, Inc. (OTC: NUZE) distributes products bearing its registered trademark name and logo "Coffee Blenders" around the U.S., and remains committed to using only all-natural, clinically supported ingredients that are directly sourced and fairly traded. Our hope is that with every sip, you’ll taste the meticulous care and attention that goes into every cup of Coffee Blenders.
